

Iridium GO! exec™ Fixed Installation Kit

FACT SHEET

Add Versatility, Inside and Out

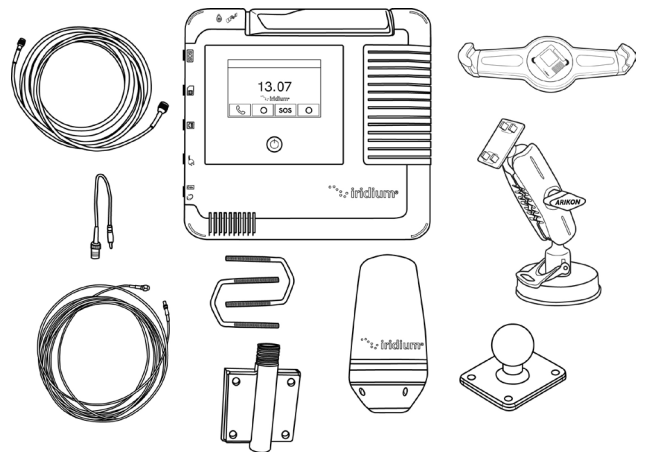

Get more from your Iridium GO! exec with the Fixed Installation Kit – designed specifically for remote buildings or recreational boating.

On Land

Whether you're a remote worker, scientist, or adventure-seeker – connect wherever you go! Your Iridium GO! exec Fixed Installation Kit lets you mount your device on any building to extend the use of satellite communications indoors. In emergency situations, even if the local infrastructure has been compromised, humanitarian or aid workers can make high quality voice calls and use chat applications over the Iridium Certus® 100 midband service, featuring speeds of up to 22 Kbps transmit / 88 Kbps receive.

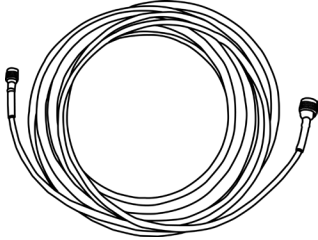

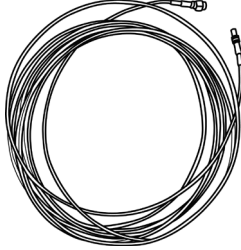

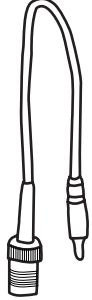

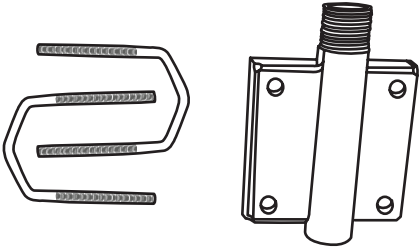

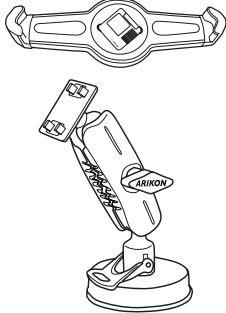

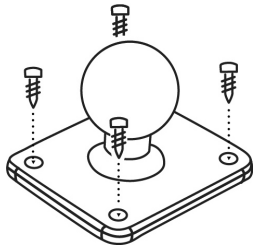

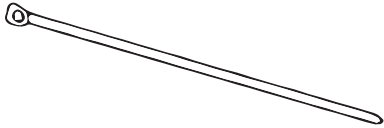

At Sea

When you need to stay connected at sea, the Iridium GO! exec Fixed Installation Kit is your solution. Using its external antenna, you and your passengers can stay updated on changing conditions, or connect with colleagues and loved ones via phone, chat apps, email, or social media – all from the comfort of the your personal vessel.
